

*The Pennsylvania Health Funders Collaborative*

# **Impact to Pennsylvania of Repealing the Affordable Care Act**

**A Presentation by Congressional Districts and  
Selected Counties**

### ***The Pennsylvania Health Funders Collaborative***

The Pennsylvania Health Funders Collaborative (PHFC) strives to improve the effectiveness of health funders' initiatives by collaborating, networking, sharing best practices, and creating a unified voice among funders working in communities across Pennsylvania.

PHFC began in 2008 and is co-chaired by Karen Wolk Feinstein, PhD, President and CEO of the Jewish Healthcare Foundation, and by Russell Johnson, President and CEO of the HealthSpark Foundation. Ann Torregrossa serves as the Executive Director of PHFC.

As a network of 40 health foundations in Pennsylvania, PHFC holds monthly subcommittee calls, quarterly webinars, and annual meetings for health foundations in Pennsylvania and advances efforts to enhance vulnerable populations' access to high-quality, cost-effective health services. PHFC is non-partisan and has worked with Republican and Democratic Administrations to improve health care in our state.

PHFC provides fact-based information to the public and to elected officials considering important health policy issues impacting Pennsylvania's most vulnerable residents. In 2013, PHFC funded a study prepared by the Pennsylvania Economy League to identify the likely economic impact of Medicaid Expansion in Pennsylvania. (See: <http://issuespa.org/content/pennsylvania-economy-league-analysis-shows-economic-and-fiscal-benefit-state-medicaid-expans>.)

This report is intended to help the public and our Congressional delegates understand what the impact of repeal of the Affordable Care Act (AC) would be to residents of Pennsylvania, Pennsylvania's economy, and hospitals. Fact sheets are provided for Pennsylvania, several large counties in Pennsylvania (where information is available), and all 18 Congressional Districts. Sources for information used to compile these fact sheets can be found in the back of the report.

## Foreword

Our nation's leaders are exploring opportunities to repeal and replace the Affordable Care Act (Obamacare). The recent Republican strategy session held in Philadelphia highlighted this work but also noted that Congress' Republican majority does not yet have a replacement plan strategy nor is there agreement on the benefit design, the desired financial impact to the federal government and state governments, or a shared understanding of how best to support the insurance market and healthcare delivery system (hospitals, physicians, payors, and patients).

The Commonwealth of Pennsylvania is nationally recognized for the design of its Medicaid managed care systems and for the excellence of its hospitals and healthcare delivery systems. Pennsylvania should have a strong and informed voice in the deliberations of crafting a replacement plan for the ACA.

The Pennsylvania Health Funders Collaborative presents a snapshot by Congressional District of the impact of the ACA repeal to help inform and educate our elected officials of the current status of insured adults in their district and the well-being of their hospital and health systems.

The snapshot was provided using data from data provided by the Pennsylvania Department of Human Services, the Pennsylvania Insurance Department, the Pennsylvania Health Care Cost Containment Council, CMS, the United States Census, and the Department of Health Policy and Management, George Washington University.

We gratefully acknowledge the work and contributions offered by our volunteers Kathy Yorkievitz and Andrea Knox.

## Impact of the Affordable Care Act (ACA) on Pennsylvania

<b>Residents with private healthcare coverage who have enjoyed the insurance reforms listed below</b>	<b>9,725,622</b>
<b>Residents with Medicare who are now protected from large prescription drug costs (average savings \$1053/year)</b>	<b>2,522,073</b>
<b>Adults and children who will lose healthcare coverage if ACA is repealed.</b>	<b>1,001,063</b>
<b>Adults and children losing Premium Assistance</b>	<b>321,345</b>
<b>Adults and children losing Medicaid Expansion healthcare coverage if the ACA is repealed</b>	<b>679,718</b>
<b>Annual fiscal impact (primarily federal dollars) from Medicaid expansion</b>	<b>\$3.6 billion</b>
<b>Loss of jobs in PA if repeal of ACA</b>	<b>137,000</b>
<b>Increase in Net Patient Hospital Revenues for 2015 (7.1 % increase)</b>	<b>\$2.7 billion</b>
<b>Decrease in Hospital Charitable Care in State for 2015 (8.2% reduction)</b>	<b>\$ 176.7 million</b>
<b>Decrease in Hospital Bad Debt in the State for 2015 (7.7% reduction)</b>	<b>\$159.4 million</b>

If ACA is repealed, most adults and children in Pennsylvania will lose the following ACA insurance reforms/protections:

- no annual and life time limits
  - potential elimination of coverage for pre-existing conditions
  - young adults able to remain on their parents' coverage to age 26
  - no increased premiums for gender or medical condition and limits on increases for age
  - mental health parity requiring equal coverage for mental and physical health care
  - no-cost preventive health care including vaccinations, birth control pills, mammograms, colorectal screening, etc.
  - the requirement that insurers apply 80% of premium to pay for care or refund premium not used
- If the ACA is repealed, hospitals will also experience an increase in the number of uninsured patients triggering a loss of revenue, increases in bad debt and collections, and more charity care.

Data on the Affordable Care Act  
by  
Congressional Districts

## Impact of the Affordable Care Act (ACA) on the 1st Congressional District

**Representative Bob Brady**

**District includes portions of Delaware and Philadelphia Counties**

Residents with private healthcare coverage who have enjoyed the insurance reforms listed below	<b>399,273</b>
Residents with Medicare who are now protected from large prescription drug costs (average savings \$1053/year)	<b>103,935</b>
Adults and children who will lose healthcare coverage if ACA is repealed.	<b>104,059</b>
Adults and children losing Premium Assistance	<b>25,880</b>
Adults and children losing Medicaid Expansion healthcare coverage if the ACA is repealed	<b>72,218</b>
Increase in Net Patient Hospital Revenues in District for 2015 because of less uninsured	<b>\$91 million</b>
Decrease in Hospital Charitable Care in District for 2015 (16% reduction)	<b>\$35 million</b>
Decrease in Hospital Bad Debt in the District for 2015 (15% reduction)	<b>\$23 million</b>

If ACA is repealed, most adults and children in the 1<sup>st</sup> Congressional District will lose the following ACA insurance reforms/protections:

- no annual and life time limits
- potential elimination of coverage for pre-existing conditions
- young adults able to remain on their parents' coverage to age 26
- no increased premiums for gender or medical condition and limits on increases for age
- mental health parity requiring equal coverage for mental and physical health care
- no-cost preventive health care including vaccinations, birth control pills, mammograms, colorectal screening, etc.
- the requirement that insurers apply 80% of premium to pay for care or refund premium not used

If the ACA is repealed, hospitals will also experience an increase in the number of uninsured patients triggering a loss of revenue, increases in bad debt and collections, and more charity care.

## Impact of the Affordable Care Act (ACA) on the 2<sup>nd</sup> Congressional District

**Representative Dwight Evans**

**District includes Counties parts of Montgomery and Philadelphia Counties**

Residents with private healthcare coverage who have enjoyed the insurance reforms listed below	<b>448,569</b>
Residents with Medicare who are now protected from large prescription drug costs (average savings \$1053/year)	<b>122,237</b>
Adults and children who will lose healthcare coverage if ACA is repealed.	<b>91,641</b>
Adults and children losing Premium Assistance	<b>21,923</b>
Adults and children losing Medicaid Expansion healthcare coverage if the ACA is repealed	<b>70,463</b>
Increase in Net Patient Hospital Revenues in District for 2015 because more people covered because of the ACA. (6.8% increase)	<b>\$476.5 million</b>
Decrease in Hospital Charitable Care in District for 2015 (16.2 % reduction)	<b>\$61.3 million</b>
Decrease in Hospital Bad Debt in the District for 2015 (6.8 % reduction)	<b>\$27.6 million</b>

If ACA is repealed, most adults and children in the 2nd Congressional District will lose the following ACA insurance reforms/protections:

- no annual and life time limits
- potential elimination of coverage for pre-existing conditions
- young adults able to remain on their parents' coverage to age 26
- no increased premiums for gender or medical condition and limits on increases for age
- mental health parity requiring equal coverage for mental and physical health care
- no-cost preventive health care including vaccinations, birth control pills, mammograms, colorectal screening, etc.
- the requirement that insurers apply 80% of premium to pay for care or refund premium not used

If the ACA is repealed, hospitals will also experience an increase in the number of uninsured patients triggering a loss of revenue, increases in bad debt and collections, and more charity care.

## Impact of the Affordable Care Act (ACA) on the 3<sup>rd</sup> Congressional District

**Representative Mike Kelly**

**District includes Armstrong, Butler, Mercer and parts of Clarion, Crawford, Erie & Lawrence Counties**

Residents with private healthcare coverage who have enjoyed the insurance reforms listed below	<b>495,682</b>
Residents with Medicare who are now protected from large prescription drug costs (average savings \$1053/year)	<b>152,111</b>
Adults and children who will lose healthcare coverage if ACA is repealed.	<b>53,610</b>
Adults and children losing Premium Assistance if ACA is repealed	<b>11,906</b>
Adults and children losing Medicaid Expansion healthcare coverage if the ACA is repealed	<b>37,965</b>
Increase in Net Patient Hospital Revenues in District for 2015 because more people have insurance through the ACA (10.2% increase)	<b>\$123 million</b>
Decrease in Hospital Charitable Care in District for 2015 (18.2 % reduction)	<b>\$17.4 million</b>
Increase in Hospital Bad Debt in the District for 2015 (9.5 % increase)	<b>\$5.4 million</b>

If ACA is repealed, most adults and children in the 3<sup>rd</sup> Congressional District will lose the following ACA insurance reforms/protections:

- no annual and life time limits
- potential elimination of coverage for pre-existing conditions
- young adults able to remain on their parents' coverage to age 26
- no increased premiums for gender or medical condition and limits on increases for age
- mental health parity requiring equal coverage for mental and physical health care
- no-cost preventive health care including vaccinations, birth control pills, mammograms, colorectal screening, etc.
- the requirement that insurers apply 80% of premium to pay for care or refund premium not used

If the ACA is repealed, hospitals will also experience an increase in the number of uninsured patients triggering a loss of revenue, increases in bad debt and collections, and more charity care.

## Impact of the Affordable Care Act (ACA) on the 4<sup>th</sup> Congressional District

**Representative Scott Perry**

**District includes Adams, York and parts of Cumberland and Dauphin Counties**

Residents with private healthcare coverage who have enjoyed the insurance reforms listed below	<b>541,894</b>
Residents with Medicare who are now protected from large prescription drug costs (average savings \$1053/year)	<b>137,320</b>
Adults and children who will lose healthcare coverage if ACA is repealed.	<b>55,755</b>
Adults and children losing Premium Assistance	<b>18,416</b>
Adults and children losing Medicaid Expansion healthcare coverage if the ACA is repealed	<b>31,678</b>
Increase in Net Patient Hospital Revenues in District for 2015 because more people covered because of the ACA (7.3% increase)	<b>\$173.6 million</b>
Decrease in Hospital Charitable Care in District for 2015 (13.5 % reduction)	<b>\$10.5 million</b>
Decrease in Hospital Bad Debt in the District for 2015 (2.6 % reduction)	<b>\$3.6 million</b>

If ACA is repealed, most adults and children in the 4<sup>th</sup> Congressional District will lose the following ACA insurance reforms/protections:

- no annual and life time limits
- potential elimination of coverage for pre-existing conditions
- young adults able to remain on their parents' coverage to age 26
- no increased premiums for gender or medical condition and limits on increases for age
- mental health parity requiring equal coverage for mental and physical health care
- no-cost preventive health care including vaccinations, birth control pills, mammograms, colorectal screening, etc.
- the requirement that insurers apply 80% of premium to pay for care or refund premium not used

If the ACA is repealed, hospitals will also experience an increase in the number of uninsured patients triggering a loss of revenue, increases in bad debt and collections, and more charity care.

## Impact of the Affordable Care Act (ACA) on the 5<sup>th</sup> Congressional District

### Representative Glenn Thompson

District includes Cameron, Centre, Clearfield, Clinton, Elk, Forest, Jefferson, McKean, Potter, Venango, Warren, and part of Clarion, Crawford, Erie, Huntingdon Tioga Counties

Residents with private healthcare coverage who have enjoyed the insurance reforms listed below	<b>501,026</b>
Residents with Medicare who are now protected from large prescription drug costs (average savings \$1053/year)	<b>144,734</b>
Adults and children who will lose healthcare coverage if ACA is repealed.	<b>50,808</b>
Adults and children losing Premium Assistance	<b>15,026</b>
Adults and children losing healthcare coverage through Medicaid Expansion	<b>32,214</b>
Increase in Net Patient Hospital Revenues in District for 2015 because more people insured through the ACA (5.1% increase)	<b>\$70.7</b>
Decrease in Hospital Charitable Care in District for 2015 (1% reduction)	<b>\$298,560</b>
Decrease in Hospital Bad Debt in the District for 2015 (7.7 % reduction)	<b>5.7 million</b>

If ACA is repealed, most adults and children in the 5<sup>th</sup> Congressional District will lose the following ACA insurance reforms/protections:

- no annual and life time limits
- potential elimination of coverage for pre-existing conditions
- young adults able to remain on their parents' coverage to age 26
- no increased premiums for gender or medical condition and limits on increases for age
- mental health parity requiring equal coverage for mental and physical health care
- no-cost preventive health care including vaccinations, birth control pills, mammograms, colorectal screening, etc.
- the requirement that insurers apply 80% of premium to pay for care or refund premium not used

If the ACA is repealed, hospitals will also experience an increase in the number of uninsured patients triggering a loss of revenue, increases in bad debt and collections, and more charity care.

## Impact of the Affordable Care Act (ACA) on the 6<sup>th</sup> Congressional District

**Representative Ryan Costello**

**District includes parts of Berks, Lebanon and Montgomery Counties**

Residents with private healthcare coverage who have enjoyed the insurance reforms listed below	<b>591,682</b>
Residents with Medicare who are now protected from large prescription drug costs (average savings \$1053/year)	<b>127,619</b>
Adults and children who will lose healthcare coverage if ACA is repealed.	<b>40,709</b>
Adults and children losing Premium Assistance	<b>14,476</b>
Adults and children losing Medicaid Expansion healthcare coverage if the ACA is repealed	<b>21,001</b>
Increase in Net Patient Hospital Revenues in District for 2015 because more people insured through the ACA (3.8% increase)	<b>\$75.5 million</b>
Decrease in Hospital Charitable Care in District for 2015 (2 % reduction)	<b>\$1.3 million</b>
Increase in Hospital Bad Debt in the District for 2015 (20.1 % increase)	<b>\$21.8</b>

If ACA is repealed, most adults and children in the 6<sup>th</sup> Congressional District will lose the following ACA insurance reforms/protections:

- no annual and life time limits
- potential elimination of coverage for pre-existing conditions
- young adults able to remain on their parents' coverage to age 26
- no increased premiums for gender or medical condition and limits on increases for age
- mental health parity requiring equal coverage for mental and physical health care
- no-cost preventive health care including vaccinations, birth control pills, mammograms, colorectal screening, etc.
- the requirement that insurers apply 80% of premium to pay for care or refund premium not used

If the ACA is repealed, hospitals will also experience an increase in the number of uninsured patients triggering a loss of revenue, increases in bad debt and collections, and more charity care.

## Impact of the Affordable Care Act (ACA) on the 7<sup>th</sup> Congressional District

**Representative Pat Meehan**

**District includes parts of Berks, Chester, Delaware and Lancaster Counties**

Residents with private healthcare coverage who have enjoyed the insurance reforms listed below	<b>580,976</b>
Residents with Medicare who are now protected from large prescription drug costs (average savings \$1053/year)	<b>133,692</b>
Adults and children who will lose healthcare coverage if ACA is repealed.	<b>70,322</b>
Adults and children losing Premium Assistance	<b>28,631</b>
Adults and children losing Medicaid Expansion healthcare coverage if the ACA is repealed	<b>31,712</b>
Increase in Net Patient Hospital Revenues in District for 2015 because more people insured through the ACA (5.2% increase)	<b>\$33.6 million</b>
Decrease in Hospital Charitable Care in District for 2015 (26.2% reduction)	<b>\$15.8 million</b>
Increase in Hospital Bad Debt in the District for 2015 (13.6 % increase)	<b>\$6.9 million</b>

If ACA is repealed, most adults and children in the 7<sup>th</sup> Congressional District will lose the following ACA insurance reforms/protections:

- no annual and life time limits
- potential elimination of coverage for pre-existing conditions
- young adults able to remain on their parents' coverage to age 26
- no increased premiums for gender or medical condition and limits on increases for age
- mental health parity requiring equal coverage for mental and physical health care
- no-cost preventive health care including vaccinations, birth control pills, mammograms, colorectal screening, etc.
- the requirement that insurers apply 80% of premium to pay for care or refund premium not used

If the ACA is repealed, hospitals will also experience an increase in the number of uninsured patients triggering a loss of revenue, increases in bad debt and collections, and more charity care.

## Impact of the Affordable Care Act (ACA) on the 8<sup>th</sup> Congressional District

**Representative Brian Fitzpatrick**  
**District includes Bucks and part of Montgomery Counties**

Residents with private healthcare coverage who have enjoyed the insurance reforms listed below	<b>582,456</b>
Residents with Medicare who are now protected from large prescription drug costs (average savings \$1053/year)	<b>136,268</b>
Adults and children who will lose healthcare coverage if ACA is repealed.	<b>60,654</b>
Adults and children losing Premium Assistance	<b>30,313</b>
Adults and children losing Medicaid Expansion healthcare coverage if the ACA is repealed	<b>21,676</b>
Increase in Net Patient Hospital Revenues in District for 2015 because more people insured through the ACA (1.6% increase)	<b>\$16.8 million</b>
Decrease in Hospital Charitable Care in District for 2015 (12 % reduction)	<b>\$7.3 million</b>
Decrease in Hospital Bad Debt in the District for 2015 (29.3 % reduction)	<b>\$19.3 million</b>

If ACA is repealed, most adults and children in the 8<sup>th</sup> Congressional District will lose the following ACA insurance reforms/protections:

- no annual and life time limits
- potential elimination of coverage for pre-existing conditions
- young adults able to remain on their parents’ coverage to age 26
- no increased premiums for gender or medical condition and limits on increases for age
- mental health parity requiring equal coverage for mental and physical health care
- no-cost preventive health care including vaccinations, birth control pills, mammograms, colorectal screening, etc.
- the requirement that insurers apply 80% of premium to pay for care or refund premium not used

If the ACA is repealed, hospitals will also experience an increase in the number of uninsured patients triggering a loss of revenue, increases in bad debt and collections, and more charity care.

## Impact of the Affordable Care Act (ACA) on the 9<sup>th</sup> Congressional District

### Representative Bill Shuster

**District includes Bedford, Blair, Fayette, Fulton, Indiana, and parts of Cambria, Greene, Huntingdon, Somerset, Washington and Westmoreland Counties**

Residents with private healthcare coverage who have enjoyed the insurance reforms listed below	<b>494,678</b>
Residents with Medicare who are now protected from large prescription drug costs (average savings \$1,053/year)	<b>159,449</b>
Adults and children who will lose healthcare coverage if ACA is repealed.	<b>66,626</b>
Adults and children losing Premium Assistance	<b>20,446</b>
Adults and children losing Medicaid Expansion healthcare coverage if the ACA is repealed	<b>40,333</b>
Increase in Net Patient Hospital Revenues in District for 2015 because of less uninsured (2.8 % increase)	<b>\$35.5 million</b>
Increase in Hospital Charitable Care in District for 2015 (4.6 % increase)	<b>\$2 million</b>
Decrease in Hospital Bad Debt in the District for 2015 (17.8% reduction)	<b>\$16.3 million</b>

If ACA is repealed, most adults and children in the 9<sup>th</sup> Congressional District will lose the following ACA insurance reforms/protections:

- no annual and life time limits
- potential elimination of coverage for pre-existing conditions
- young adults able to remain on their parents' coverage to age 26
- no increased premiums for gender or medical condition and limits on increases for age
- mental health parity requiring equal coverage for mental and physical health care
- no-cost preventive health care including vaccinations, birth control pills, mammograms, colorectal screening, etc.
- the requirement that insurers apply 80% of premium to pay for care or refund premium not used

If the ACA is repealed, hospitals will also experience an increase in the number of uninsured patients triggering a loss of revenue, increases in bad debt and collections, and more charity care.

## Impact of the Affordable Care Act (ACA) on the 10<sup>th</sup> Congressional District

**Representative Tom Marino**

**District includes Bradford, Juniata, Lycoming, Mifflin, Snyder, Sullivan, Susquehanna, Union, Wayne, Pike and parts of Lackawanna, Monroe, Northumberland, Perry, and Tioga Counties**

Residents with private healthcare coverage who have enjoyed the insurance reforms listed below	<b>502,942</b>
Residents with Medicare who are now protected from large prescription drug costs (average savings \$1,053/year)	<b>152,435</b>
Adults and children who will lose healthcare coverage if ACA is repealed.	<b>53,873</b>
Adults and children losing Premium Assistance	<b>15,192</b>
Adults and children losing Medicaid Expansion healthcare coverage if the ACA is repealed	<b>34,016</b>
Increase in Net Patient Hospital Revenues in District for 2015 because of less uninsured (7.7 % increase)	<b>\$96.2 million</b>
Decrease in Hospital Charitable Care in District for 2015 (21.5 % reduction)	<b>\$4.8 million</b>
Increase in Hospital Bad Debt in the District for 2015 (1.3% increase)	<b>\$1.6 million</b>

If ACA is repealed, most adults and children in the 10<sup>th</sup> Congressional District will lose the following ACA insurance reforms/protections:

- no annual and life time limits
- potential elimination of coverage for pre-existing conditions
- young adults able to remain on their parents' coverage to age 26
- no increased premiums for gender or medical condition and limits on increases for age
- mental health parity requiring equal coverage for mental and physical health care
- no-cost preventive health care including vaccinations, birth control pills, mammograms, colorectal screening, etc.
- the requirement that insurers apply 80% of premium to pay for care or refund premium not used

If the ACA is repealed, hospitals will also experience an increase in the number of uninsured patients triggering a loss of revenue, increases in bad debt and collections, and more charity care.

## Impact of the Affordable Care Act (ACA) on the 11<sup>th</sup> Congressional District

### Representative Lou Barietta

**District includes Columbia, Montour, Wyoming and parts of Carbon, Cumberland, Dauphin, Luzerne Northumberland, and Perry Counties**

Residents with private healthcare coverage who have enjoyed the insurance reforms listed below	<b>521,918</b>
Residents with Medicare who are now protected from large prescription drug costs (average savings \$1053/year)	<b>148,353</b>
Adults and children who will lose healthcare coverage if ACA is repealed.	<b>53,210</b>
Adults and children losing Premium Assistance	<b>13,943</b>
Adults and children losing Medicaid Expansion healthcare coverage if the ACA is repealed	<b>35,432</b>
Increase in Net Patient Hospital Revenues in District for 2015 because of less uninsured (6 % increase)	<b>\$109 million</b>
Increase in Hospital Charitable Care in District for 2015 ( 29.7% increase)	<b>\$ 40.2million</b>
Increase in Hospital Bad Debt in the District for 2015 (.8% increase)	<b>\$ 379,502</b>

If ACA is repealed, most adults and children in the 11<sup>th</sup> Congressional District will lose the following ACA insurance reforms/protections:

- no annual and life time limits
- potential elimination of coverage for pre-existing conditions
- young adults able to remain on their parents' coverage to age 26
- no increased premiums for gender or medical condition and limits on increases for age
- mental health parity requiring equal coverage for mental and physical health care
- no-cost preventive health care including vaccinations, birth control pills, mammograms, colorectal screening, etc.
- the requirement that insurers apply 80% of premium to pay for care or refund premium not used

If the ACA is repealed, hospitals will also experience an increase in the number of uninsured patients triggering a loss of revenue, increases in bad debt and collections, and more charity care.

## Impact of the Affordable Care Act (ACA) on the 12<sup>th</sup> Congressional District

**Representative Keith Rothfus**

**District includes Beaver and parts of Westmoreland, Cambria, Lawrence, Somerset and Allegheny Counties**

Residents with private healthcare coverage who have enjoyed the insurance reforms listed below	<b>546,097</b>
Residents with Medicare who are now protected from large prescription drug costs (average savings \$1053/year)	<b>160,782</b>
Adults and children who will lose healthcare coverage if ACA is repealed.	<b>61,168</b>
Adults and children losing Premium Assistance	<b>18,342</b>
Adults and children losing Medicaid Expansion healthcare coverage if the ACA is repealed	<b>34,904</b>
Increase in Net Patient Hospital Revenues in District for 2015 because of less uninsured (4.2 % increase)	<b>\$52.7 million</b>
Decrease in Hospital Charitable Care in District for 2015 (20.9 % reduction)	<b>\$10.5 million</b>
Increase in Hospital Bad Debt in the District for 2015 (14% increase)	<b>\$6.3 million</b>

If ACA is repealed, most adults and children in the 12th Congressional District will lose the following ACA insurance reforms/protections:

- no annual and life time limits
- potential elimination of coverage for pre-existing conditions
- young adults able to remain on their parents’ coverage to age 26
- no increased premiums for gender or medical condition and limits on increases for age
- mental health parity requiring equal coverage for mental and physical health care
- no-cost preventive health care including vaccinations, birth control pills, mammograms, colorectal screening, etc.
- the requirement that insurers apply 80% of premium to pay for care or refund premium not used

If the ACA is repealed, hospitals will also experience an increase in the number of uninsured patients triggering a loss of revenue, increases in bad debt and collections, and more charity care.

# Impact of the Affordable Care Act (ACA) on the 13th Congressional District

**Representative Brendan Boyle**

**District includes parts of Philadelphia and Montgomery Counties**

Residents with private healthcare coverage who have enjoyed the insurance reforms listed below	<b>494,062</b>
Residents with Medicare who are now protected from large prescription drug costs (average savings \$1053/year)	<b>123,335</b>
Adults and children who will lose healthcare coverage if ACA is repealed.	<b>69,916</b>
Adults and children losing Premium Assistance	<b>21,923</b>
Adults and children losing Medicaid Expansion healthcare coverage if the ACA is repealed	<b>42,738</b>
Increase in Net Patient Hospital Revenues in District for 2015 because of less uninsured (1.6 % increase)	<b>\$36.1 million</b>
Increase in Hospital Charitable Care in District for 2015 (4.5 % increase)	<b>\$8.6 million</b>
Decrease in Hospital Bad Debt in the District for 2015 (20.5% reduction)	<b>\$25.8 million</b>

If ACA is repealed, most adults and children in the 13<sup>th</sup> Congressional District will lose the following ACA insurance reforms/protections:

- no annual and life time limits
- potential elimination of coverage for pre-existing conditions
- young adults able to remain on their parents' coverage to age 26
- no increased premiums for gender or medical condition and limits on increases for age
- mental health parity requiring equal coverage for mental and physical health care
- no-cost preventive health care including vaccinations, birth control pills, mammograms, colorectal screening, etc.
- the requirement that insurers apply 80% of premium to pay for care or refund premium not used

If the ACA is repealed, hospitals will also experience an increase in the number of uninsured patients triggering a loss of revenue, increases in bad debt and collections, and more charity care.

## Impact of the Affordable Care Act (ACA) on the 14<sup>th</sup> Congressional District

**Representative Mike Doyle**

**District includes parts of Westmoreland and Allegheny Counties**

Residents with private healthcare coverage who have enjoyed the insurance reforms listed below	<b>489,786</b>
Residents with Medicare who are now protected from large prescription drug costs (average savings \$1053/year)	<b>142,384</b>
Adults and children who will lose healthcare coverage if ACA is repealed.	<b>55,078</b>
Adults and children losing Premium Assistance	<b>11,167</b>
Adults and children losing Medicaid Expansion healthcare coverage if the ACA is repealed	<b>38,137</b>
Increase in Net Patient Hospital Revenues in District for 2015 because of less uninsured (15.2 % increase)	<b>\$644.5 million</b>
Decrease in Hospital Charitable Care in District for 2015 (9.9% reduction)	<b>\$42.6 million</b>
Decrease in Hospital Bad Debt in the District for 2015 (1.1% reduction)	<b>\$ 917,610</b>

If ACA is repealed, most adults and children in the 14<sup>th</sup> Congressional District will lose the following ACA insurance reforms/protections:

- no annual and life time limits
- potential elimination of coverage for pre-existing conditions
- young adults able to remain on their parents' coverage to age 26
- no increased premiums for gender or medical condition and limits on increases for age
- mental health parity requiring equal coverage for mental and physical health care
- no-cost preventive health care including vaccinations, birth control pills, mammograms, colorectal screening, etc.
- the requirement that insurers apply 80% of premium to pay for care or refund premium not used

If the ACA is repealed, hospitals will also experience an increase in the number of uninsured patients triggering a loss of revenue, increases in bad debt and collections, and more charity care.

## Impact of the Affordable Care Act (ACA) on the 15<sup>th</sup> Congressional District

**Representative Charles Dent**

**District includes Lehigh and parts of Berks, Dauphin, Lebanon and Northampton Counties**

Residents with private healthcare coverage who have enjoyed the insurance reforms listed below	<b>534,558</b>
Residents with Medicare who are now protected from large prescription drug costs (average savings \$1053/year)	<b>140,500</b>
Adults and children who will lose healthcare coverage if ACA is repealed.	<b>60,455</b>
Adults and children losing Premium Assistance	<b>18,621</b>
Adults and children losing Medicaid Expansion healthcare coverage if the ACA is repealed	<b>34,775</b>
Increase in Net Patient Hospital Revenues in District for 2015 because of less uninsured (9 % increase)	<b>\$291.7 million</b>
Decrease in Hospital Charitable Care in District for 2015 (18.1 % reduction)	<b>\$30.4 million</b>
Decrease in Hospital Bad Debt in the District for 2015 (45% reduction)	<b>\$112 million</b>

If ACA is repealed, most adults and children in the 15th Congressional District will lose the following ACA insurance reforms/protections:

- no annual and life time limits
- potential elimination of coverage for pre-existing conditions
- young adults able to remain on their parents' coverage to age 26
- no increased premiums for gender or medical condition and limits on increases for age
- mental health parity requiring equal coverage for mental and physical health care
- no-cost preventive health care including vaccinations, birth control pills, mammograms, colorectal screening, etc.
- the requirement that insurers apply 80% of premium to pay for care or refund premium not used

If the ACA is repealed, hospitals will also experience an increase in the number of uninsured patients triggering a loss of revenue, increases in bad debt and collections, and more charity care.

## Impact of the Affordable Care Act (ACA) on the 16<sup>th</sup> Congressional District

**Representative Lloyd Smucker**

**District includes parts of Berks, Chester and Lancaster Counties**

Residents with private healthcare coverage who have enjoyed the insurance reforms listed below	<b>484,757</b>
Residents with Medicare who are now protected from large prescription drug costs (average savings \$1053/year)	<b>130,717</b>
Adults and children who will lose healthcare coverage if ACA is repealed.	<b>48,985</b>
Adults and children losing Premium Assistance	<b>13,310</b>
Adults and children losing Medicaid Expansion healthcare coverage if the ACA is repealed	<b>29,948</b>
Increase in Net Patient Hospital Revenues in District for 2015 because of less uninsured (4.8 % increase)	<b>\$56 million</b>
Decrease in Hospital Charitable Care in District for 2015 (28.7% reduction)	<b>\$14.9 million</b>
Increase in Hospital Bad Debt in the District for 2015 (45% increase)	<b>\$112 million</b>

If ACA is repealed, most adults and children in the 16th Congressional District will lose the following ACA insurance reforms/protections:

- no annual and life time limits
- potential elimination of coverage for pre-existing conditions
- young adults able to remain on their parents' coverage to age 26
- no increased premiums for gender or medical condition and limits on increases for age
- mental health parity requiring equal coverage for mental and physical health care
- no-cost preventive health care including vaccinations, birth control pills, mammograms, colorectal screening, etc.
- the requirement that insurers apply 80% of premium to pay for care or refund premium not used

If the ACA is repealed, hospitals will also experience an increase in the number of uninsured patients triggering a loss of revenue, increases in bad debt and collections, and more charity care.

## Impact of the Affordable Care Act (ACA) on the 17<sup>th</sup> Congressional District

**Representative Matt Cartwright**

**District includes Schuylkill and parts of Carbon, Lackawanna, Luzerne, Monroe, and Northampton Counties**

Residents with private healthcare coverage who have enjoyed the insurance reforms listed below	<b>481,235</b>
Residents with Medicare who are now protected from large prescription drug costs (average savings \$1053/year)	<b>149,841</b>
Adults and children who will lose healthcare coverage if ACA is repealed.	<b>62,373</b>
Adults and children losing Premium Assistance	<b>18,145</b>
Adults and children losing Medicaid Expansion healthcare coverage if the ACA is repealed	<b>39,701</b>
Increase in Net Patient Hospital Revenues in District for 2015 because of less uninsured (.2 % increase)	<b>\$4 million</b>
Increase in Hospital Charitable Care in District for 2015 (7.4 % increase)	<b>\$7 million</b>
Increase in Hospital Bad Debt in the District for 2015 (3.7% increase)	<b>\$4.6 million</b>

If ACA is repealed, most adults and children in the 17th Congressional District will lose the following ACA insurance reforms/protections:

- no annual and life time limits
- potential elimination of coverage for pre-existing conditions
- young adults able to remain on their parents' coverage to age 26
- no increased premiums for gender or medical condition and limits on increases for age
- mental health parity requiring equal coverage for mental and physical health care
- no-cost preventive health care including vaccinations, birth control pills, mammograms, colorectal screening, etc.
- the requirement that insurers apply 80% of premium to pay for care or refund premium not used

If the ACA is repealed, hospitals will also experience an increase in the number of uninsured patients triggering a loss of revenue, increases in bad debt and collections, and more charity care.

## Impact of the Affordable Care Act (ACA) on the 18<sup>th</sup> Congressional District

**Representative Tim Murphy**

**District includes parts of Greene, Washington, Westmoreland and Allegheny Counties**

Residents with private healthcare coverage who have enjoyed the insurance reforms listed below	<b>569,953</b>
Residents with Medicare who are now protected from large prescription drug costs (average savings \$1053/year)	<b>156,091</b>
Adults and children who will lose healthcare coverage if ACA is repealed.	<b>44,343</b>
Adults and children losing Premium Assistance	<b>13,635</b>
Adults and children losing Medicaid Expansion healthcare coverage if the ACA is repealed	<b>23,816</b>
Increase in Net Patient Hospital Revenues in District for 2015 because of less uninsured (22.2 % increase)	<b>\$270.5 million</b>
Increase in Hospital Charitable Care in District for 2015 (93.1 % increase)	<b>\$29.1 million</b>
Increase in Hospital Bad Debt in the District for 2015 (27.4% increase)	<b>\$17.9 million</b>

If ACA is repealed, most adults and children in the 18th Congressional District will lose the following ACA insurance reforms/protections:

- no annual and life time limits
- potential elimination of coverage for pre-existing conditions
- young adults able to remain on their parents' coverage to age 26
- no increased premiums for gender or medical condition and limits on increases for age
- mental health parity requiring equal coverage for mental and physical health care
- no-cost preventive health care including vaccinations, birth control pills, mammograms, colorectal screening, etc.
- the requirement that insurers apply 80% of premium to pay for care or refund premium not used

If the ACA is repealed, hospitals will also experience an increase in the number of uninsured patients triggering a loss of revenue, increases in bad debt and collections, and more charity care.

Data on the Affordable Care Act  
for  
Philadelphia, Allegheny, Montgomery and Delaware Counties

## Impact of the Affordable Care Act (ACA) on Philadelphia County

Residents with private healthcare coverage who have enjoyed the insurance reforms listed below	<b>1,130,777</b>
Residents with Medicare who are now protected from large prescription drug costs (average savings \$1053/year)	<b>228,897</b>
Adults and children who will lose healthcare coverage if ACA is repealed.	<b>220,781</b>
Adults and children purchasing health care coverage through the Marketplace	<b>59,168</b>
Adults and children losing Medicaid Expansion healthcare coverage if the ACA is repealed	<b>161,613</b>
Increase in Net Patient Hospital Revenues in County for 2015 because of less uninsured (5.3% increase)	<b>\$553.1 million</b>
Increase in Hospital Charitable Care in County for 2015 (15.2% increase)	<b>\$94 million</b>
Increase in Hospital Bad Debt in the County for 2015 (12.7% increase)	<b>\$74.4 million</b>

If ACA is repealed, most adults and children in Philadelphia County will lose the following ACA insurance reforms/protections:

- no annual and life time limits
- potential elimination of coverage for pre-existing conditions
- young adults able to remain on their parents' coverage to age 26
- no increased premiums for gender or medical condition and limits on increases for age
- mental health parity requiring equal coverage for mental and physical health care
- no-cost preventive health care including vaccinations, birth control pills, mammograms, colorectal screening, etc.
- the requirement that insurers apply 80% of premium to pay for care or refund premium not used

If the ACA is repealed, hospitals will also experience an increase in the number of uninsured patients triggering a loss of revenue, increases in bad debt and collections, and more charity care.

## Impact of the Affordable Care Act (ACA) on Allegheny County

Residents with private healthcare coverage who have enjoyed the insurance reforms listed below	<b>909,801</b>
Residents with Medicare who are now protected from large prescription drug costs (average savings \$1053/year)	<b>251,314</b>
Adults and children who will lose healthcare coverage if ACA is repealed.	<b>95,615</b>
Adults and children purchasing health care coverage through the Marketplace	<b>39,629</b>
Adults and children losing Medicaid Expansion healthcare coverage if the ACA is repealed	<b>55,986</b>
Increase in Net Patient Hospital Revenues in County for 2015 because of less uninsured (17.2% increase)	<b>\$916.7 million</b>
Increase in Hospital Charitable Care in County for 2015 (18.2% increase)	<b>\$87.1 million</b>
Increase in Hospital Bad Debt in the County for 2015 (7.9% increase)	<b>\$9.7 million</b>

If ACA is repealed, most adults and children in Allegheny County will lose the following ACA insurance reforms/protections:

- no annual and life time limits
- potential elimination of coverage for pre-existing conditions
- young adults able to remain on their parents' coverage to age 26
- no increased premiums for gender or medical condition and limits on increases for age
- mental health parity requiring equal coverage for mental and physical health care
- no-cost preventive health care including vaccinations, birth control pills, mammograms, colorectal screening, etc.
- the requirement that insurers apply 80% of premium to pay for care or refund premium not used

If the ACA is repealed, hospitals will also experience an increase in the number of uninsured patients triggering a loss of revenue, increases in bad debt and collections, and more charity care.

## Impact of the Affordable Care Act (ACA) on Montgomery County

Residents with private healthcare coverage who have enjoyed the insurance reforms listed below	<b>\$74.4 million</b>
Residents with Medicare who are now protected from large prescription drug costs (average savings \$1053/year)	<b>158,907</b>
Adults and children who will lose healthcare coverage if ACA is repealed.	<b>63,552</b>
Adults and children purchasing health care coverage through the Marketplace	<b>37,277</b>
Adults and children losing Medicaid Expansion healthcare coverage if the ACA is repealed	<b>26,275</b>
Increase in Net Patient Hospital Revenues in County for 2015 because of less uninsured (4.1% increase)	<b>\$71.7 million</b>
Increase in Hospital Charitable Care in County for 2015 (7.2% increase)	<b>\$3.6 million</b>
Increase in Hospital Bad Debt in the County for 2015 (8.4% increase)	<b>\$8.2 million</b>

If ACA is repealed, most adults and children in Montgomery County will lose the following ACA insurance reforms/protections:

- no annual and life time limits
- potential elimination of coverage for pre-existing conditions
- young adults able to remain on their parents' coverage to age 26
- no increased premiums for gender or medical condition and limits on increases for age
- mental health parity requiring equal coverage for mental and physical health care
- no-cost preventive health care including vaccinations, birth control pills, mammograms, colorectal screening, etc.
- the requirement that insurers apply 80% of premium to pay for care or refund premium not used

If the ACA is repealed, hospitals will also experience an increase in the number of uninsured patients triggering a loss of revenue, increases in bad debt and collections, and more charity care.

## Impact of the Affordable Care Act (ACA) on Delaware County

Residents with private healthcare coverage who have enjoyed the insurance reforms listed below	<b>417,547</b>
Residents with Medicare who are now protected from large prescription drug costs (average savings \$1053/year)	<b>102,251</b>
Adults and children who will lose healthcare coverage if ACA is repealed.	<b>53,445</b>
Adults and children purchased coverage through the Marketplace	<b>24,235</b>
Adults and children losing Medicaid Expansion healthcare coverage if the ACA is repealed	<b>29,210</b>
Increase in Net Patient Hospital Revenues in County for 2015 because of less uninsured (3.7 % increase)	<b>\$61.8 million</b>
Increase in Hospital Charitable Care in County for 2015 (32.8 % increase)	<b>\$61.4 million</b>
Increase in Hospital Bad Debt in the County for 2015 (18.3% increase)	<b>\$14.6 million</b>

If ACA is repealed, most adults and children in the County will lose the following ACA insurance reforms/protections:

- no annual and life time limits
- potential elimination of coverage for pre-existing conditions
- young adults able to remain on their parents' coverage to age 26
- no increased premiums for gender or medical condition and limits on increases for age
- mental health parity requiring equal coverage for mental and physical health care
- no-cost preventive health care including vaccinations, birth control pills, mammograms, colorectal screening, etc.
- the requirement that insurers apply 80% of premium to pay for care or refund premium not used

If the ACA is repealed, hospitals will also experience an increase in the number of uninsured patients triggering a loss of revenue, increases in bad debt and collections, and more charity care.
